

Anek Latin

Anek, as the meaning of the word suggests, is an exercise in multiplicity — multiple scripts designed in multiple weights and widths by multiple designers. Embracing the variable font technology, Anek meets the demands of the modern multiscript page with its confident and contemporary design.

Its expansive design space allows Anek to don multiple personalities. At its most condensed, capsular forms keep structures compact for that graphic texture. On the wide end of the spectrum, the extra legroom lets each letter yawn and stretch into their message. But it is in the boldest weights that Anek comes alive. Sharp terminals and tapered joineries sparkle amidst regimented forms, making this ideal for setting titillating headlines or that magnetic word-mark.

While the extreme styles wear their style on their sleeve, the middling widths and weights mean business. When in the presence of other styles, they recede into the back, allowing the extremes to shine. But left on their own, they set text with a quiet confidence. The quirks are but a faint echo that no longer distract; clarity over personality.

Anek comes in ten scripts: Bangla, Devanagari, Kannada, Latin, Gujarati, Gurmukhi, Malayalam, Odia, Tamil and Telugu. The design of each script borrows from its own typographic culture and reflects the perspectives of their designers. Yet they cohabit the page in visual harmony. Each script is equipped with multiple variations, thus allowing the page to be lavished with a finely tuned typographic hierarchy.

This project is collaboratively designed, engineered and maintained by Ek Type, a collective of type designers based in Mumbai focused on designing contemporary Indian typefaces. Contributors of this project are: Maithili Shingre (Anek Malayalam, Anek Kannada), Yesha Goshar (Anek Latin, Anek Odia), Kailash Malviya (Anek Devanagari), Aadarsh Rajan (Anek Tamil), Sulekha Rajkumar (Anek Bangla), Vaishnavi Murthy (Anek Kannada), Omkar Bhoir (Anek Telugu), Mrunmayee Ghaisas (Anek Gujarati), Mahesh Sahu (Anek Odia), and Sarang Kulkarni (Anek Gurmukhi). Project management and design assistance by Noopur Datye; and Font engineering and type design assistance by Girish Dalvi.
